

Rebates. Discounts. Profits.

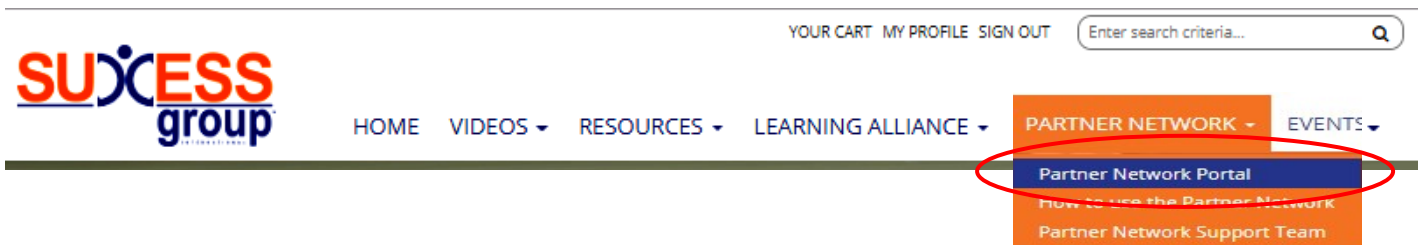

Maximize your rebates:

Every dollar saved is a dollar added to your net profit. While you will not be penalized (NO FORFEITURES!), to ensure you receive the rebates you've earned, we highly recommend you report your purchases every quarter. You have 40 days after the end of each quarter to report your purchases and it allows us to verify that each Partner has recognized all of your purchases.

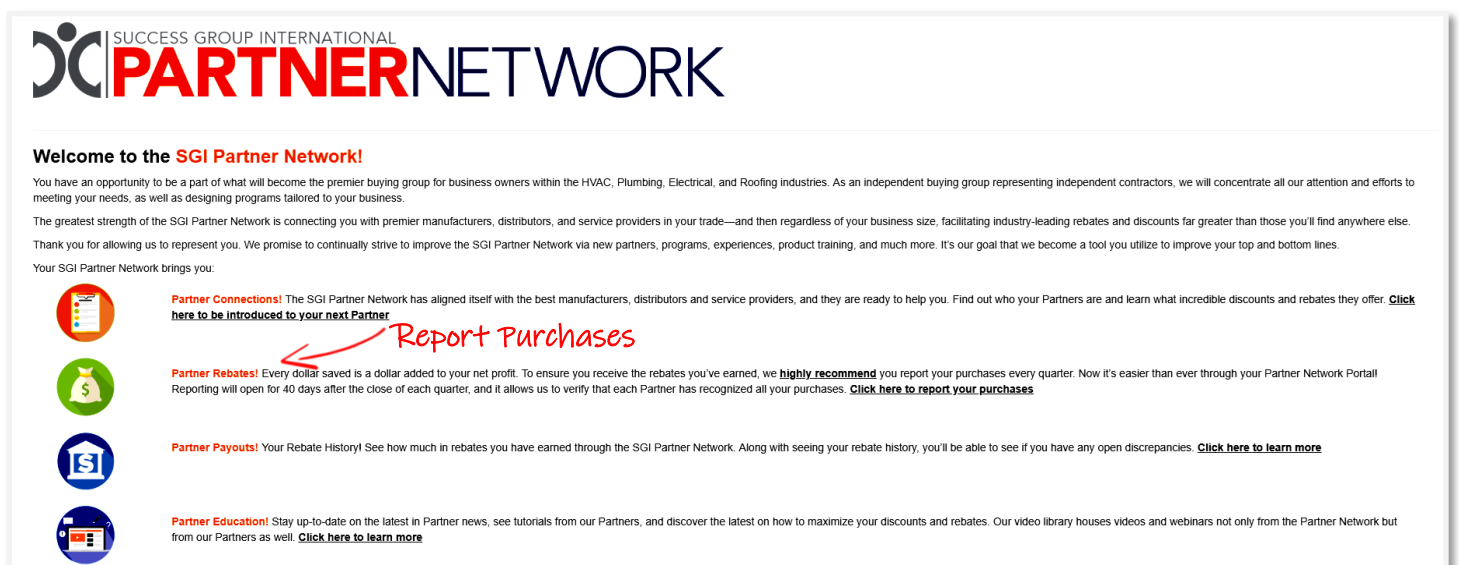

<u>Quarter</u>	<u>Dates</u>	<u>Reporting Deadline</u>
First	January 1–March 31	May 10
Second	April 1–June 30	August 10
Third	July 1–September 30	November 10
Fourth	October 1–December 31	February 10

How to report for rebates:

After you click on Partner Network Portal, if you do not see this page or receive an error message, confirm that you are using Chrome as your browser. Click the Partner Rebates icon to enter your purchases.

If you haven't made those identifications yet, you can also "add a new partner" from this page.

Preferred Partner Collection Forms (PPCF):

Manufacturers that sell their products through a 3rd party distributor require a PPCF. This form notifies the manufacturer that you are an SGI member and identifies the distributors and account numbers from which you buy their products. Without these forms, the manufactures will not be able to collect your sales data and pay the rebate. Most partners require the PPCF to be on file within the quarter that the purchases are made to qualify for the rebate.
